

# Manoj K.C.

Python-Django | REST API | DRF | PostgreSQL | Backend Developer

Address: Kathmandu, Nepal | E-mail: [khatrimanoj2135@gmail.com](mailto:khatrimanoj2135@gmail.com) | Phone: +9779809807760

<https://github.com/manojkc-dev> | <https://www.linkedin.com/in/manojkc-dev>

## PROFESSIONAL SUMMARY

Python-Django backend developer with hands-on experience building REST APIs and data-driven web applications using Django REST Framework and PostgreSQL. Proficient in JWT authentication, Django ORM, and Git-based workflows. Solid foundation in HTML/CSS with growing interest in React and JavaScript for full-stack development. Eager to contribute to production-grade SaaS products and backend systems available for junior roles and freelance projects.

## TECHNICAL SKILLS

**Backend:** Python, Django, Django REST Framework (DRF), REST API Design

**Database:** PostgreSQL, SQLite, Django ORM, Basic Query Optimization

**Authentication:** JWT (JSON Web Tokens), Token Auth, Role-Based Permissions

**Frontend:** HTML5, CSS3 (Responsive), Bootstrap Learning React & JavaScript

**DevTools:** Git, GitHub, VS Code, Postman

**Deployment:** Render, Vercel, PythonAnywhere

**Concepts:** MVC/MVT Architecture, CRUD Operations, REST Principles, OOP

## EXPERIENCE

**Backend Developer Intern | Sajha Infotech PVT. LTD.**

*Feb 2026 - May2026*

*Kathmandu, Nepal (On-site)*

- Developed and maintained REST API endpoints for [describe app briefly] using Django and DRF.
- Wrote and optimized PostgreSQL queries, reducing average API response time by ~30%.
- Collaborated with frontend developers via GitHub pull requests and code reviews.
- Documented API endpoints using Postman collections shared with the client team.

## EDUCATION

**Bachelor of Information Technology (BIT)**

Mahendra Multiple Campus | Nepalgunj-Banke, Nepal | Graduated: 2025

- Relevant coursework: Data Structures, DBMS, Web Technologies, Software Engineering, OOP

Final year project: “AcadFlow” | **Student Management System**

Tech and Tools used : PHP, MySQL, HTML, CSS, Vs Code, XAMPP

- Built solo full-stack web app with student registration, attendance, grading, and admin dashboard
- Designed normalized MySQL database schema with role-based authentication and session management
- Implemented server-side PDF report generation for attendance and grade summaries
- CS50's Web Programming with Python and JavaScript → Harvard / edX
- Django REST Framework → Udemy / freeCodeCamp (self-paced, project-based)
- Git & GitHub for Developers → (list platform if applicable)
- Currently Learning: React.js, JavaScript ES6+, Frontend-Backend Integration

## ADDITIONAL INFORMATION

**Languages:** Nepali (Native), English (Professional | Read/Write/Speak)

**Open Source:** Actively contributing to personal GitHub | public repos with README & live demos

**Availability:** Immediately available | Open to on-site (Kathmandu) and remote roles

**Interests:** System design, SaaS architecture, Data Science (roadmap), Cloud Engineering
